 - Soft Close, Under-mount
- Permanent Joint Construction

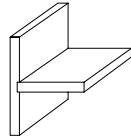

Adjustable Bed Rail Option

- O-ABR** - Adds 3" to Rail Length

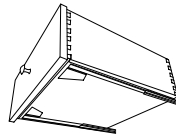

Construction Features

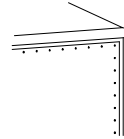

All wood drawers assembled with dovetail joints for strength. Drawer interiors are smoothly sanded and lacquer-sealed.

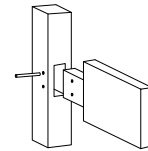

Permanent joint construction. We use a variety of joint construction methods that are time tested to ensure life long durability and strength.

Drawers suspended with heavy duty undermount **full extension soft-close** guides allowing for effortless opening and closing.

Case backs (1/4" thick) with recessed back panels.

Tenons are a key element of construction. A board's end is cut off for insertion into a mortise. Tenons are then secured with wood pins.

Care Instructions

Those who select Stuart's Furniture enjoy years of beautiful use with minimal care. Maintain the beauty of the finish by protecting it from wear, spots, spills and by keeping it clean and dust free. Dust regularly, rubbing in the direction of the wood grain with a lint-free, absorbent cloth moistened by a few drops of furniture polish to keep this furniture looking its best. Avoid exposure to strong sunlight, which causes discoloration. Lift objects carefully; avoid dragging them over the wood surface. Avoid extreme heat and cold. Do not use polish remover, hair spray or perfume near the furniture, as this may damage the finish.

Rubber or plastic products can sometimes cause a chemical reaction, which may deteriorate the finish. Do not use products containing silicone.
